

Every Stop Leads You forward...

At WSTA, every trip is about more than getting from Point A to Point B. It's about helping people move forward, to work, to school, to healthcare, to family, and toward new opportunities.

The August 30th service improvements are designed with that purpose in mind. By creating stronger connections, improving frequency on key corridors, and introducing new cross-town service.

This is an investment in a transit network that helps Winston-Salem move forward together.

The Plan

Run our most popular routes more often!

These routes will run every 30 minutes or better:

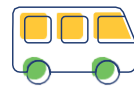

86, 89, 92, 93, 96, 103, 105

Make routes more direct!

These routes will cut a few stops to complete their trips faster:

87, 93

Test out a new Microtransit Zones in January 2027 to replace Routes 97 and 108.

Microtransit works like a rideshare service.

Discontinue some less popular routes:

**82, 88, 101
102, 108, 109**

*97 will stop service in January 2027

Introducing WSTA-X, your premier job line!

These two new crosstown routes will skip Downtown to connect people and jobs. **WSTA-X South** will go from Salem Gardens to Hanes Mall. **WSTA-X West** will go from Wake Baptist Atrium Health through the Hanes Mill area.

We are here to help you find your best route options ahead of the changes! For more information you can scan the QR code or call 336-727-2000
